EXPERIENCE

The Company's work experience includes numerous construction management and design/build construction projects. We have completed projects involving the renovation of historical structures, construction management of a hospital addition, veteran clinics, a state prison, and we have constructed apartment complexes and senior living facilities across a wide geographic area.

The average annual amount of construction work performed during the past five years is \$92 million.

Attachments show construction experience of key individuals, current projects, and projects completed during the last five years.

The Douglas Company has the ability to perform concrete, masonry, carpentry, excavation, miscellaneous iron-work, direct supervision and general labor.
